

Opening Reception **1 July** | Exhibition through **28 August**

MICAËLA GALLERY presents COLD+HOT 2010, an annual showcase of the work of selected national and international glass sculptors in a single exhibition. Featured artists are Peter Bremers, Kathleen Elliot, Michael Janis, Michelle Knox, Weston Lambert, Carol Lawton, Silvia Levenson, JP Long, Susan Longini, Thomas Scoon, Carmen Spera, and Kristiina Uslar, who collectively demonstrate the expansive versatility of glass as a sculpture medium in terms of material, color, and form, alongside the video work of Tim Tate and photography of Mark Leibowitz.

The exhibition title, COLD+HOT 2010, derives from the distinct processes used by glass artists for millennia - sculpting its form, or cold-working it while cold (actually, at room temperature), very hard and brittle; and working hot glass, shaping it while molten, using blowing and/or kiln forming techniques at temperatures ranging from 1700 to over 3000 degrees.

Weston Lambert, a top honors sculpture graduate from the University of Hawaii at Manoa, is currently enjoying a full scholarship award at Pilchuck this summer, and won another full scholarship to pursue his MFA under Professor Gene Koss at Tulane University in New Orleans in August.

His latest work draws upon the conflation of archeological and geological sedimentation. A document is created when this sedimentation of nature and civilization working in tandem are coupled with the persistence of time. The strata in his work represents accumulated experience as the foundation from which one acknowledges the past to navigate the present.

Lambert currently lives and works in Bellevue, Washington.
